

SMALL BUSINESS FAIRS

Australian Government Department of Jobs and Small Business

The Australian Department of Jobs and Small Business is hosting a series of Small Business Fairs nationally throughout February and March 2019. These events will be held in 22 locations across states and territories, providing local small business owners with the latest information on funding and incentives offered by Government agencies.

The Small Business Fairs will promote how small and micro business owners can engage with Australian Government funded services, programs, financial support and tools available to assist them to prosper in a changing business landscape. They will also have a strong focus on technology and supporting small business owners in understanding the tools available when transitioning from manual to time-saving digital formats.

Whether it's simplifying employment and accounting processes, online sales, cyber security, marketing, websites or networking opportunities, the Fairs are a great opportunity for small business owners to tap into the expertise of support services.

The Small Business Fairs are one-day events that will run from mid-morning to early evening, with the first event to be held in Perth on 5 February, followed by successive events in other centres. Below is the detail of the first seven events. Other Fair dates and locations are still to be confirmed.

If you would like to further discuss participation at the Fairs, please contact Mr Steven Kargas from the Small Business Fair Team on phone(02) 6121 6199; or email to Steven.Kargas@jobs.gov.au.
